	EYFS	Key Stage 1	Lower Stage 2	Upper Key Stage 2
	By the end of Reception, children will be taught to:	By the end of Year 2, children will be taught to:	By the end of Year 4, children will be taught to:	By the end of Year 6, children will be taught to:
llec	Skills;  Bounce a ball using hands.  Push and roll a ball using hands.  Knowledge:	Skills:     •Dribble the ball using both hands.      •Use our hands to stop and catch	Skills:  •Apply the correct technique when dribbling.  •Dribble the ball keeping possession to beat an opponent.	Skills:  •Know who we are marking during a game and why.  •Move the ball up the court, creating an attack that results in a successful shooting
Invasion Games: Baskethall	To understand:  Why it is important to keep the ball close to us when pushing, rolling or bouncing the ball.	Pass the ball accurately and with the correct technique; either chest or shoulder pass.	Change direction keeping control of the ball.  Combine passing and dribbling to create space.	Proportunity.      Regain possession if we miss a shot (rebound) or lose possession.  Knowledge
ion Gam	When, where and why we bounce a ball into space in order to avoid a defender.	Knowledge To understand;	Effectively apply passing and moving skills to keep possession.      Use 'triple threat' and understand when	To understand:  •When, where and why we apply different methods of defending in order to prevent the attackers from scoring. Including: marking, intercepting a pass and applying
			this is applied during a game  •Apply the correct technique when	pressure.      Understand what the terms, 'double
Hands/	Why we need to aim when we are	<ul> <li>Why we need to be ready to receive the ball when it is passed to us.</li> </ul>	shooting.  Knowledge	dribble', and 'travelling' means and the consequences if this happens.
Skills: H		•When to dribble or when to pass in order to keep possession of the ball	To understand;  •When, where and why we should pass or dribble.	<ul> <li>Know when different defensive tactics (high press or retreating back) can be applied during a game to prevent attacking opportunities.</li> </ul>
Ball St			How to dribble the ball keeping possession to beat an opponent.	Apply the basic rules of basketball and will be able to take responsibility for officiating and managing our own games.
			How to apply the correct technique when dribbling and passing.	Apply different attacking tactics during a game to create shooting opportunities.
			How we can combine passing and dribbling to create space.	How and when different defensive tactics (high press or retreating back) can be applied during a game to prevent

	<b>EYFS</b>	Key Stage 1	Lower Stage 2	Upper Key Stage 2
	By the end of Reception, children will be taught:	By the end of Year 2, children will be taught to:	By the end of Year 4, children will be taught to:	By the end of Year 6, children will be taught to:
	As above	Skills • Send a ball with control with accuracy.	Skills:  • Accurately pass, receive and create space	Skills  • Refine passing and receiving
Netball		Receive a ball with control	Combine passing and moving	Apply passing, footwork and shooting into mini games, introduce officiating
		Send a ball with power and speed.	Combine and improve passing and shooting	Defend a player and the ball.
Games:		Combine passing and receiving to keep possession.	Refine passing and receiving	Understand the function and use other passing styles.
		Pass and receive to score a point	Improve passing, moving and shooting.	Keep possession.
Hands/Invasion		Knowledge: To understand:  • Why we need to look at the target when throwing	Use accurate footwork.  Knowledge: To understand:	Officiate     Create, understand and apply attacking/defending tactics in game
spue'		When, where and why we move	When, where and why we should pass.	situations.
skills; Ha		into space in order to avoid a defender.	How we can combine passing and moving to create space and keep possession.	<ul> <li>Knowledge: To understand:</li> <li>When, where and why we use different passes in a game in order to keep possession.</li> </ul>
Ball sk		Why we need communicate when passing.	When to shoot, where to shoot from and why.	Who we are marking during a game and why.
		Why we need to look at our partner / team member when passing.	What the 5 positions in High Five Netball are.	How to move the ball up the court, creating an attack that results in a successful shooting opportunity.
				How to apply the basic rules of netball and take responsibility for officiating games.

	<b>EYFS</b>	Key Stage 1	Lower Stage 2	Upper Key Stage 2
	By the end of Reception, the children will be taught to:	By the end of Year 2, children will be taught to:	By the end of Year 4, children will be taught to:	By the end of Year 6, children will be taught to:
	Skills  • Move with a ball using our feet (dribbling)	Skills  • Dribble the ball using the feet, with control.	Skills  • Dribble a ball with feet & keep control of a ball.	Skills  • Improve the control of dribbling and passing to maintain possession.
	Dribble against an opponent.	Apply dribbling into games	Pass and control a ball using feet.	Defend a space or a player.
pall	•Dribble a ball into a space.	Pass a ball using a kicking.	Combine dribbling and passing to	Improve accuracy when shooting at a
Foot	•Stop a ball using our feet.	Apply kicking (passing) to score a point	create space	target.

		Why we need to be accurate when kicking (passing) a ball.	When to shoot and where to shoot from.	What the basic rules (laws) governing football are; including what the
		Why we need to be ready to receive the ball when it is passed to us.	How to shoot using the correct technique.	difference between a free kick and a penalty kick
		•Why we need to communicate when passing.		<ul> <li>How different attacking tactics can be applied during a game to create shooting opportunities</li> </ul>

	<b>EYFS</b>	Key Stage 1	Lower Stage 2	Upper Key Stage 2
	By the end of Reception, the children will be taught to:	By the end of Year 2, children will be taught to:	By the end of Year 4, children will be taught to:	By the end of Year 6, children will be taught to:
Rackets, bats and balls/ Net and Wall Games: Tennis	Skills  Throwing overarm and underarm  Roll, stop and catch a ball  Knowledge: To understand  Why we need to aim/be accurate when we are throwing.  How to throw underarm  Why we need to watch the ball when it is sent towards us.	Skills  Push a ball with a racket with control.  Hit and push a ball (with a racket) towards a target/space.  Hit a ball (with a racket) with power and accuracy  Hit the ball (with a racket) with accuracy and power.  Hit (strike) a ball (with a racket) with accuracy and power past an opponent.  Knowledge: To understand  Why we need to keep the ball close to us and under control.  Why we need to aim/ be accurate when sending (hitting or pushing) a ball using a racket towards a target.  Where to send (hit) the ball during a game in order to score a point against our opponent.  Why we need to vary our power when hitting a ball.	Skills  Place the ball to outwit an opponent  Create space to win a point  Control a racket and use the forehand stroke.  Control the racket and use the backhand stroke.  Apply the forehand and backhand stroke in game situations.  Apply the forehand and backhand stroke to create space to win a point.  Knowledge: To understand Why we need to hit the ball into space on the court.  Why we need to return to the middle of the court once we have hit the ball.  Why we need to control the ball when playing a shot.  How we can outwit our opponent during a mini game.  How to use their racket to direct the ball towards a space to win a point.	Skills Improve control and accuracy with the forehand and backhand stroke.  Hit a ball on the volley Control the game from the serve Work with a partner to create a doubles game.  Knowledge: To understand When and where to play a volley shot in a mini game.  Where to serve to make it harder for our opponent to return the ball.  When and where we serve in a mini game.  How to use the correct scoring system during a mini game.  How to organise, umpire and manage round robin games.

*	EYFS	Key Stage 1	Lower Stage 2	Upper Key Stage 2
By the end of F will be taught t	Reception, children	By the end of Year 2, children will be taught to:	By the end of Year 4, children will be taught to:	By the end of Year 6, children will be taught to:
Skills:  • Move into spo	ace	Skills:  • Understand different running speeds.	Skills  • Run for speed and to accelerate.	Run through the finish in a race.
Explore differ and for height	ent ways of jumping or distance.	Accelerate to increase speed.	Run a relay, including baton handover.	Evaluate own performance
• Balance when	n jumping and	• Run in a team	Throw for accuracy or distance	Sprint with correct posture and technique
Explore differ	ent walking/ running	Develop co-ordination and jumping techniques.	Perform a standing long jump.	Perform an efficient relay changeover.
Balance when landing     Explore differ speeds.      Apply walking game.		Understand how jumping affects	Perform a standing triple jump	Throw a shot put for distance.
•Apply walking game.	g/running into a	our bodies.	Explore/understand their stride pattern	Hurdle whilst running.
ชื่อ Knowledge		Apply jumping/running to a competition	Explore/understand running at pace	Compete while sprinting.      Compete while running for distance
	R by staying in a this is so important in	Develop and link jumping combinations.	Knowledge: To understand:  Why we have to accelerate at the start of a race.	Compete in a throwing competition
TO GOTTIE SCENARIO	<b>o.</b>	Develop skipping technique.	How to run for speed in a team, using a relay baton, holding our hands ready, palms	Compete in α jumping competition
Š		Knowledge. To understand:  • How to run pumping our arms, using	upwards when waiting for the baton.	Knowledge: To understand:  • Why we need to maintain our speed until we cross
		the balls of our feet and looking ahead.	How to throw for distance and why the correct technique is essential to send the	the finish line.
		<ul> <li>When and why we need to change speed when we are running in a game situation.</li> </ul>	object further.	When and where the changeovers take place on a curved track.
		Why jumping and skipping with the correct technique is so important		How to transfer their body weight to push the shot put and throw the javelin further.

By the end of Reception, children will be taught to:

## Skills

- Explore high, low, over and under movements.
- Climb onto the apparatus.
- Jump/climb from the apparatus.
- Move into a space.
- Link several movements together.

Knowledge: to understand

- How we can move our bodies in 'low' ways; slides, rolls (long, curled) hands and feet
- Why it is important to use the apparatus safely.
- How to be creative on the apparatus, moving through, along, across, over and under a variety of apparatus.
- How to create high and low balances 'shapes'
- How we can move our bodies in 'high' ways; jumps, hops, skips, side steps and backwards

By the end of Year 2, children will be taught to:

#### Skills

- Create wide, narrow and curled
- Understand the difference between wide, narrow and curled movements/shapes.
- Transition between wide, narrow and curled movements/shapes.
- Link two plus movements together.
- Apply movements and balances to apparatus.
- Link movements and balances on apparatus.
- Create sequences with a partner/small group.
- Perform sequences with a partner or group.

Knowledge; to understand

- How to create movements on the floor and on apparatus, using a variety of body parts.
- How to 'transition' between movements, adding movements together and transitioning between them.
- How to use a variety of apparatus when we are creating movement sequences

By the end of Year 4, children will be taught to:

## Skills

- Create symmetrical static and moving shapes.
- Create asymmetrical static and moving shapes.
- Apply shapes onto apparatus.
- Compose sequences on the floor and on the apparatus.
- Create bridge shapes individually and with a partner.
- Apply bridge shapes to apparatus.
- Develop sequences which include bridges
- Perform a sequence which has a clear beginning and ending and transition between the movements.

Knowledge; to understand

- How to execute balances and movements in both symmetrical and asymmetrical ways.
- Why it is so important to create 'excellent' movements and balances.
- How to peer and self-assess, identifying strengths and weaknesses in our own and others' performances.
- How to create sequences combining movements

By the end of Year 6, children will be taught to:

### Skills

- Create counter balance and counter tension shapes, with a partner on the mats.
- •Apply counter balance and counter tension shapes to apparatus.
- •Compose sequences which include counter tension and counter balance shapes.
- Combine paired sequences with another pair.
- •Perform a sequence which has a clear beginning, ending and transition between parts.
- •Evaluate the sequences of others and give feedback.
- Create matched and mirrored shapes alongside a partner.
- Apply matching/mirroring shapes onto apparatus.

Knowledge; to understand;

- •How to create a sequence, by accurately combining movements and balances, with flow and accurate timing
- Why performing at and 'excellent' standard, with accurate timings and fluidity is so important.
- How to create a sequence of movements, bringing together a combination movements. executed with accuracy and fluidity using a range of apparatus.
